DETAILS

PREMIUM
SERVICE

This is a general guide for projects that need materials **FASTER** than our normal quoted **LEAD TIMES**.

IDEAL PROJECT CRITERIA

PRODUCT TYPE

Linear systems are the BEST for FAST TRACK.
Random lengths, Tongue & Groove ends,
standard specie, clear finish.
Panelized Wood Grille systems can also be
produced depending on criteria below.

SPECIES

Standard species only.
Based on availability.

FINISH

Finish must be CLEAR - NO CUSTOM.

MATERIAL QUANTITY

Low material quantity required (<2000SF)
Higher quantities can affect lead times.

PANEL SIZES

Limited number of Panel sizes.

FAST TRACK REQUIREMENTS

Contractor must sign off on "Estimate" and Final Order Confirmation (Sizes/Qtys).

Progress Payment must be received PRIOR to release to Production.

Shop Drawings will NOT be provided.

A limited number of custom size panels are required.

The contractors Sales Team member must review and approve PRIOR to acceptance.

Material Acquisition/Purchasing needs to be reviewed and approved.

WHY DO WE CHARGE A PREMIUM?

Existing projects often get pushed back to make room for FAST TRACK PROJECTS.

Not fair to customers (internal and external) who follow our normal delivery requirements and provide signed orders in a timely fashion.

FAST TRACK projects put a strain on company resources.

PARTNERSHIP. PLANNING. PERFORMANCE.

Your early engagement and accurate information help us deliver beautiful results on an accelerated timeline.
