WHY WOODGRILLE®

BEAUTY. PERFORMANCE. PURPOSE.

WoodGrille® Panel Grille Systems bring the timeless warmth of wood to contemporary architecture. Versatile by design and engineered for performance, our systems elevate ceilings and walls with stunning linear patterns that inspire.

TIMELESS BEAUTY

Real wood and premium finishes create refined, natural spaces that stand the test of time.

DESIGN FREEDOM

Multiple profiles, sizes, and configurations offer endless design possibilities.

ACOUSTIC PERFORMANCE

Open grille design and optional acoustic backers help control sound and enhance comfort.

SUSTAINABLE BY NATURE

Responsibly sourced materials with FSC® options support healthy buildings and a better planet.

BUILT TO LAST

Quality materials and precision engineering ensure durability and long-term performance.

DESIGNED FOR CEILINGS & WALLS

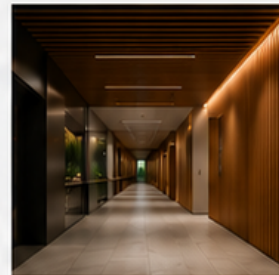

From feature ceilings and accent walls to full-space architectural statements, WoodGrille® systems add depth, dimension, and warmth to any environment.

DESIGN WITHOUT LIMITS

DESIGN FREEDOM

WoodGrille® systems offer unmatched design flexibility. From standard linear modules to custom curves, walls, soffits, and open ceilings, our solutions bring your vision to life.

STANDARD MODULES

Choose from standard module widths and blade sizes for fast, beautiful results.

CUSTOM MODULES

Custom module widths, depths, and spacing to suit any design requirement.

CURVED SYSTEMS

Create smooth curves and flowing transitions with precision-formed components.

RADIUS SYSTEMS

Achieve consistent radius applications with engineered flexibility.

OPEN CEILINGS

Open area options enhance sightlines, airflow, and acoustic performance.

WALL SYSTEMS

Add warmth and texture to vertical surfaces with seamless detail.

SOFFITS & TRANSITIONS

Clean transitions and integrated soffits create cohesive architectural flow.

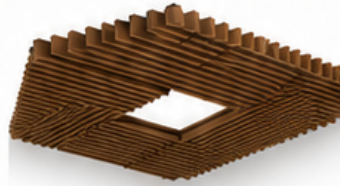

DIMENSION & DEPTH

Variable depths and profiles add shadow, rhythm, and visual interest.

DECORATIVE APPLICATIONS

From feature walls to ceiling focal points, WoodGrille® adds distinctive character.

“ Every space is unique. WoodGrille® systems are designed to adapt, inspire, and elevate. ”

NATURAL MATERIALS. REFINED FINISHES.

MATERIALS THAT INSPIRE

WoodGrille® systems are available in a wide range of premium materials and finishes—each selected for beauty, performance, and sustainability.

NATURAL BEAUTY

Real wood and wood-inspired finishes bring warmth and authenticity.

BUILT TO PERFORM

Engineered for durability, stability and long-term performance in any environment.

SUSTAINABLY SOURCED

FSC® options and responsible sourcing support healthier buildings and a better planet.

DESIGN FLEXIBILITY

A variety of materials and finishes to achieve any architectural vision.

“The right material sets the tone for every space. WoodGrille® offers the perfect balance of beauty, durability, and performance.”

PREMIUM MATERIAL OPTIONS

SOLID WOOD

Timeless and authentic naturally unique with rich grain and character.

- Premium hardwoods
- Custom species
- Natural variations

WOOD VENEER

Real wood beauty on an engineered core for enhanced stability.

- Consistent appearance
- Wide species range
- Cost-effective

FAUX WOOD

The look of wood with added performance and value.

- Durable finishes
- Moisture resistant
- Low maintenance

HIGH PRESSURE LAMINATE (HPL)

Extremely durable surfaces with superior impact and scratch resistance.

- Broad color options
- Easy to clean
- Ideal for high-use spaces

MELAMINE

Versatile and durable with excellent color consistency.

- Smooth, uniform finish
- Stain and wear resistant
- Budget friendly

THERMALLY MODIFIED WOOD

Enhanced stability and dimensional performance through thermal modification.

- Improved durability
- Increased resistance to moisture
- Rich, consistent color

CUSTOM FINISH OPTIONS

From natural clear coats to bold custom stains, our finishes enhance and protect.

NATURAL CLEAR

LIGHT WALNUT

MEDIUM WALNUT

DARK WALNUT

CUSTOM STAIN

PAINTED MATCH

Custom colors and finishes available to match your design vision.

SUSTAINABILITY YOU CAN TRUST

BUILT FOR PERFORMANCE. ENGINEERED FOR FLEXIBILITY.

SUSPENSION SYSTEMS

WoodGrille® Panel Grille Systems offer a range of suspension solutions to meet architectural, acoustic, and structural requirements for any space.

ENGINEERED RELIABILITY

Tested components ensure long-term durability and performance.

EASY INSTALLATION

Designed for efficient installation and alignment.

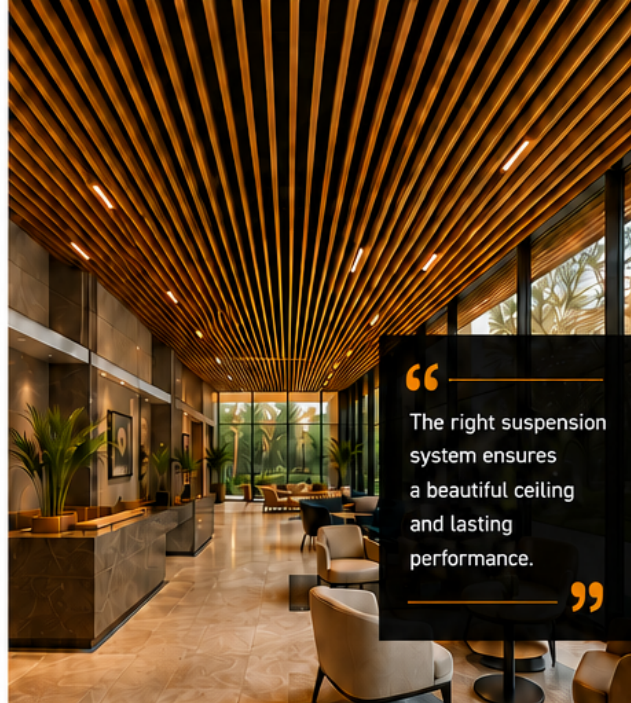

ACOUSTIC OPTIMIZED

Compatible with acoustic backers for sound control.

DESIGN FLEXIBILITY

Multiple options to suit any project need or design intent.

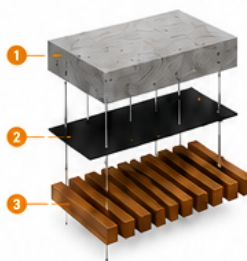

“The right suspension system ensures a beautiful ceiling and lasting performance.”

SUSPENSION SYSTEM OPTIONS

1 DIRECT ATTACH

Fast and secure attachment to structural substrate.

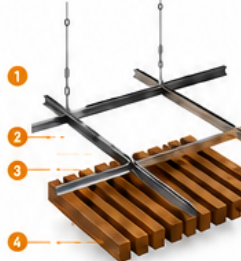

- 1 Structural Substrate
- 2 Black Backer (Nailed)
- 3 WoodGrille Panel

✓ Ideal for solid substrates and permanent installations.

2 LAY-IN SYSTEM

Removable panels for easy access to plenum.

- 1 Aircraft Cable
- 2 Main Tee
- 3 Cross Tee
- 4 WoodGrille Panel

✓ Perfect for accessible ceilings and maintenance.

3 WOODBACKER SYSTEM

Nailed wood backers provide a clean, consistent surface.

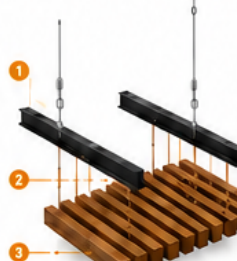

- 1 Suspension Hanger
- 2 Wood Backer (Nailed)
- 3 WoodGrille Panel

✓ Provides a rigid base for optimal alignment.

4 DOWEL SYSTEM

Precision dowels create a seamless, concealed look.

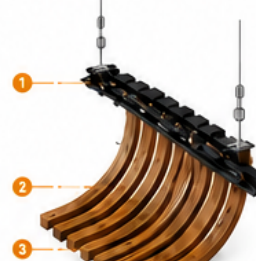

- 1 Aircraft Cable
- 2 Dowel Rod
- 3 WoodGrille Panel

✓ Creates a monolithic appearance with minimal visible hardware.

5 FLEXIBLE SYSTEM

Adapts to curved and dynamic applications.

- 1 Flexible Carrier
- 2 Suspension Hanger
- 3 WoodGrille Panel

✓ Enables smooth transitions and custom radius designs.

COMPONENTS & DETAILS

AIRCRAFT CABLE

3/32" and 1/8" cable options with various lengths and fittings.

SUSPENSION HANGER

Adjustable hangers provide precise height control.

WOOD BACKER

5/8" or 3/4" backers for enhanced stability, positive attachment and alignment.

BLACK BACKER

Factory-painted black backers reduce light bleed.

T-BAR GRID

Standard Heavy Duty 15/16" suspension grid compatible.

DOWEL ROD

Dowels ensure alignment and structural integrity.

END TRIM OPTIONS

Multiple trim options available for a clean, finished look.

ENGINEERED TO WORK TOGETHER

All suspension systems are designed to integrate seamlessly with WoodGrille® components, ensuring structural integrity, acoustic performance, and design continuity.

BEAUTY YOU CAN SEE. PERFORMANCE YOU CAN TRUST.

PERFORMANCE THAT MATTERS

WoodGrille® Panel Grille Systems are engineered to meet the highest standards of acoustics, fire safety, sustainability, and durability—so your spaces look beautiful and perform even better.

“Engineered to exceed expectations in every category—so you can specify with confidence.”

ACOUSTICS

Open grille design and acoustic backers work together to reduce noise, control reverberation, and enhance speech privacy.

SOUND ABSORPTION
NRC up to 0.85 with acoustic backers.

REDUCED REVERBERATION
Improves clarity and comfort in any environment.

FLEXIBLE SOLUTIONS
Backer options to meet design and performance requirements.

FIRE PERFORMANCE

Materials and systems tested to meet today's rigorous fire safety codes.

FIRE RATING OPTIONS
Class A fire rating available with tested configurations.

CODE COMPLIANT
Meets ASTM E84, CAN/ULC S102, and local code requirements.

PEACE OF MIND
Tested assemblies provide confidence in life safety.

SUSTAINABILITY

Responsibly sourced materials and sustainable practices for a healthier planet and better buildings.

RESPONSIBLY SOURCED
FSC® certified wood options available.

LOW IMPACT
Sustainable materials that reduce environmental impact.

BETTER BUILDINGS
Contributes to LEED® and green building certifications.

INDOOR AIR QUALITY

Low-emitting materials contribute to healthier indoor environments for building occupants.

LOW VOC FINISHES
Finishes and adhesives selected for low emissions.

HEALTHIER SPACES
Supports well-being and comfort in any interior environment.

CERTIFIED OPTIONS
GREENGUARD Gold certified materials available.

DURABILITY & STABILITY

Engineered materials and precision manufacturing ensure long-lasting beauty and performance.

DIMENSIONAL STABILITY
Resists warping, shrinking, and cupping for lasting performance.

IMPACT RESISTANT
Durable surfaces stand up to the demands of daily use.

BUILT TO LAST
Quality materials and finishes ensure a long service life.

MAINTENANCE

Easy to clean and maintain, WoodGrille® systems are designed for the long haul.

EASY TO CLEAN
Simple cleaning with common, non-abrasive solutions.

TIME SAVING
Low maintenance reduces ongoing costs and labor.

BEAUTY THAT LASTS
Finishes retain their appearance for years to come.

TESTED. CERTIFIED. TRUSTED.

Our systems are tested by independent laboratories to ensure compliance with industry standards.

DESIGNED TO ELEVATE EVERY SPACE.

BEAUTIFUL SOLUTIONS ENDLESS APPLICATIONS

WoodGrille® Panel Grille Systems bring warmth, texture, and acoustic performance to a wide range of environments. From corporate offices to concert halls, our systems deliver design freedom and lasting performance.

“Versatile design.
Timeless materials.
Performance you
can depend on.”

IDEAL FOR EVERY ENVIRONMENT

CORPORATE OFFICES

Elevate interiors with a natural aesthetic that supports focus and productivity.

EDUCATION

Create inspiring learning environments with beauty, durability, and acoustic comfort.

PERFORMING ARTS

Enhance acoustics and visual warmth in concert halls, theaters, and auditoriums.

HOSPITALITY

Make a lasting impression in lobbies, restaurants, and guest spaces.

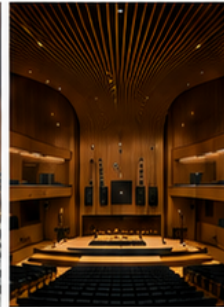

RETAIL

Add natural texture and create memorable brand experiences.

PUBLIC SPACES

Deliver durable, low-maintenance solutions for high-traffic environments.

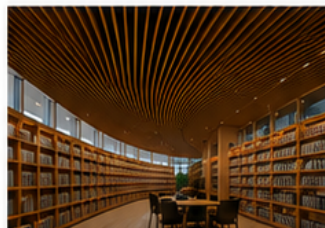

FEATURED PRODUCTS

TECHNOLOGY CAMPUS

Austin, Texas

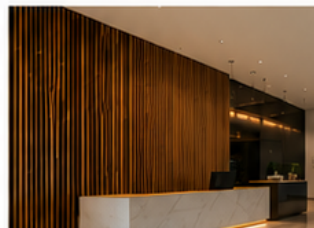

Linear WoodGrille panels deliver acoustic control and architectural continuity throughout the workspace.

UNIVERSITY LIBRARY

Seattle, Washington

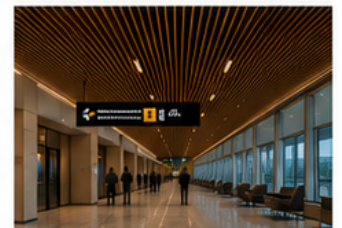

Curved WoodGrille system adds warmth and improves acoustics in this dynamic learning environment.

BOUTIQUE HOTEL

Nashville, Tennessee

WoodGrille panels create a refined, welcoming atmosphere from arrival to guest rooms.

INTERNATIONAL AIRPORT

Denver, Colorado

Durable and beautiful WoodGrille system enhances the passenger experience at every touchpoint.

OUR PROCESS. YOUR VISION.

1

CONSULT

We listen to your goals and understand your project requirements.

2

DESIGN

Collaborate with our team to select profiles, materials, and configurations.

3

SPECIFY

We provide detailed drawings, specifications, and technical support.

4

MANUFACTURE

Precision-crafted in our facility with strict quality control at every step.

5

DELIVER

On-time delivery with carefully packaged materials to your site.

6

INSTALL & SUPPORT

Expert support from installation to long-term performance.

DESIGNED TO ELEVATE EVERY SPACE.

BEAUTIFUL SOLUTIONS ENDLESS APPLICATIONS

WoodGrille® Panel Grille Systems offer unmatched design flexibility with a variety of modules, finishes, and species. Create a look that's uniquely yours while achieving the performance you demand.

DESIGN FLEXIBILITY

MODULAR OPTIONS

Choose from a variety of module sizes and configurations to suit any design.

- Standard modules 12" and 24"
- Custom module sizes available
- Linear, open cell, and 3D patterns

FINISHES

A wide range of factory-applied finishes to complement any design palette.

- Clear and custom stain options
- Painted finishes
- UV-cured for durability

WOOD SPECIES

Select from premium wood species for the perfect balance of beauty and strength.

- Maple
- White Oak
- Walnut
- Cherry
- Custom species available

CUSTOM SOLUTIONS

We work with you to bring your vision to life with tailored solutions.

- Custom sizes and shapes
- Branded finishes
- Integration with lighting and MEP

SUSTAINABLE BY DESIGN

Responsibly sourced woods and environmentally conscious manufacturing processes.

- FSC® certified options available
- Low VOC finishes
- Recyclable and renewable materials

TECHNICAL SPECIFICATIONS

PROPERTY	DESCRIPTION
Material	Solid wood or wood veneer over MDF core
Module Width	12" or 24" standard (custom sizes available)
Module Length	Up to 96" standard (longer lengths available)
Thickness	Varies by system (see system details)
Fire Rating	Class A per ASTM E84 (with approved backer)
Acoustic Performance	NRC up to 0.85 with acoustic backer
Humidity Resistance	Engineered for interior environments (30–55% RH recommended)

PROPERTY	DESCRIPTION
Installation	Suspension systems: Direct Attach, Lay-In, WoodBacker, Dowel, Flexible
Maintenance	Easy to clean with soft cloth or vacuum
Sustainability	FSC® certified options available
LEED® Contribution	MR, EQ credits (varies by project)
Warranty	Limited 5-Year Warranty
Country of Origin	Proudly made in the USA

Detailed CAD drawings, specifications, and BIM objects are available for download.
